

Marine Warranty Surveyors for loading of 66 Wind Blades on a 'Bulk Carrier' ●●

Offing Marine & Offshore Consultants (OMOC) recently carried out a successful loading of 66 Wind Blades (Length of blade 62.6m) from West Coast of India to the United States of

America as Marine Warranty Surveyors for a leading P&I Club.

The project was exciting and involved a multi layered approach which included -

Fabrication On Main Deck And Hatch Cover Bedding Frame

Installation of night vision CCTV cameras at main mast on monkey island and repositioning of side lights

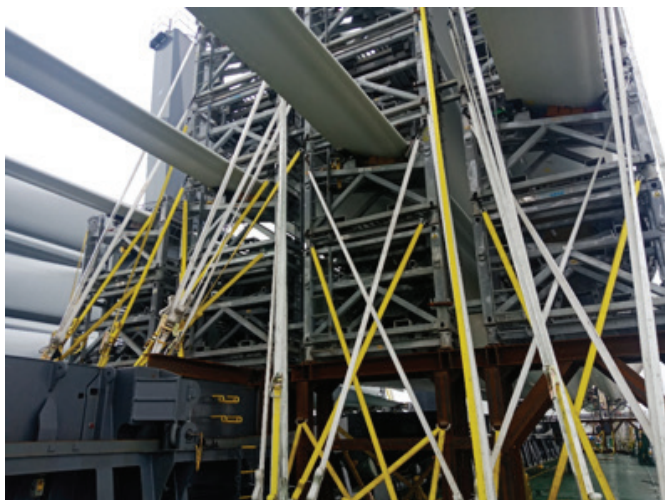

Well calculated and monitored lifts and moves

Appropriate stowage

And Sea fastening

We, at OMOC are glad to be professionally contributing to the renewable energy industry with our professional services
